

# SUICIDE ASSESSMENT

- Has the client made a recent suicidal threat?
- Do they report suicidal ideation?
- Does the client have a specific plan for suicide?
- Access to firearms, pills, or other common means of suicide?
- Has the client made a previous suicide attempt?
- Family history of suicide?
- Does the client abuse substances?
- If so, has substance use increased?
- Recent stressors? (Ex. financial difficulty, loss of relationship, illness)
